DETAILED ACTION

Drawings

1. The drawings were received on 25 January 2005. These drawings are acceptable.

Allowable Subject Matter

2. Claims 3, 4, 7 and 8 are allowed.
3. The following is an examiner's statement of reasons for allowance: Regarding claims 3, 4, 7 and 8 the prior art does not teach or fairly suggest a two zone lens focusing system as claimed by the applicants wherein the lens is moved back and forth along an axle and guide rail through the use of a solenoid head/coupling arm and a return spring as claimed. Although the use of solenoids (see for example Mima) and springs (see for example Sano) to move lens systems is known in the art, the combined system claimed by Applicants is not taught or fairly suggested.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
